The Amateur Swimming Association is the National Governing Body (NGB) for Swimming and its associated disciplines in England with its headquarters situated in the centre of Loughborough.

As a result of a partnership with Sport England South East, an exciting opportunity has arisen for the creation of a Regional Skill Development Coach for Disability Swimming in the ASA South East Region. The postholder will implement the NGB recognised development pathway by coaching a range of athletes from within Disability Swimming at skill development level and above. This will increase participation and bridge the gap that currently exists for swimmers who have the ability to progress from Learn to Swim to a Regional level. The postholder will take a role of Head Coach at regional / sub-regional level and will work closely with swimmers and their coaches to ensure all develop their potential. The postholder will also play a vital role in mentoring coaches to meet their needs in coaching disabled swimmers.

A minimum of ASA Club Coach / UKCC level 3 coaching qualification is essential and be actively coaching at club level with experience of working with other coaches and volunteers at all levels. Proven experience of working with disabled athletes/swimmers is desirable. The successful candidate must be self-motivated.

The Organisation is committed to diversification of its work force and welcomes applications from all sections of the community. The Organisation is committed to being an equal opportunities employer. We currently hold the Foundation and Preliminary levels of the Equality Standard and are working towards the Intermediate Level.

A non-smoking policy applies to all premises occupied by the ASA.

The closing date for applications is: Monday, 14 January 2008
Interviews date: Thursday, 31 January 2008
