

Woking Swimming Club

Roll of Honour

2003 – Paul Bayfield

Paul joined Woking Swimming Club at six years of age in 1991. He has been incredibly reliable throughout his career, being conscious of the very few 1985 boys in the Club.

Galas, whether league or friendly, have always been given priority despite Paul often having to swim his least favourite stroke. A County individual and relay medallist, Paul's team spirit has always served Woking well and as an Open swimmer he has been an invaluable member of the men's relay team.

Paul was chosen to be Boys Team Captain in 2002/03, a role he carried out with pride, commitment and enjoyment. Never before had a Captain turned out to support the team at all levels at every possible gala and this was much appreciated by the younger swimmers, Coaches and Team Managers. Paul is currently spending a gap year teaching children Maths in Guyana, South America where he swims in the local creek and will return to the Club in September 2004.

For his length of service and loyalty, and exceptional Captaincy, Paul Bayfield has been added to the Roll of Honour in 2003.

Paul retired from swimming in 2008.
